

# Daughters Down

## Kittie

I feel helpless, stare in disbelief  
How can you still sleep at night?  
Hold her down with just one look  
Just one foot, she's innocent  
Put your hands around my neck  
Stripping me of all my dignityVendetta, black against her  
Your bloody mouth against her  
Raped of everything she owned  
It's so lonely at the bottom  
Putting pieces of a puzzle  
Back together we've forgottenThrow your daughters down  
Hold your daughters downSeeing beauty turn to waste  
Let your ego be the death of me  
Hand held tight behind my back  
Stealing all that's precious to meVendetta, black against her  
Your bloody mouth against her  
Would you do this to your own?  
Breaking, lying to my face  
I can see you're still the same  
Kill before and kill againThrow your daughters down  
Hold your daughters down, oh  
I will fight until death  
I will fight until deathThrow your daughters down  
Hold your daughters down  
Throw your daughters down  
Hold your daughters downThrow your daughters down  
Hold your daughters down  
Throw your daughters down
