

# Young Blood (Live Acoustic Version)

[Rickie Lee Jones](#)

Take a walk around midnight in the city  
Young blood is hiding there somewhere  
If you're looking for something to do  
There's always something happening there  
Like I & Bragger, we borrowed a coupe today  
Here come Pepe and she's got a friend in a Chevrolet  
But she ain't running, she's walking a little slow  
And she ain't crying, she's just singin' a little low  
They say this city will make you dirty, but you look alright  
You feel real pretty when he's holding you tight  
City will make you mean but that's just make-up on your face  
Love will wash you clean in the night's disgrace  
Find a block where your people can find you  
Keep your third eye watching behind you  
You never know when you're making a memory  
They will wish they were here together again, someday  
Kids looking for something to get into, take a look  
Two for the movie show, three in the back row, hold on tight  
Remember, you might have looked like cool twelve  
But your fuse felt just like dynamite  
This city will make you dirty, but you look alright  
You feel real pretty when he's holding you tight  
City will make you mean but darlin', that's just make-up on your face  
Love will wash you clean in the night  
Take a walk around midnight in the city  
Young blood will find you there, somewhere  
And if you're looking for something to do  
There's always something happening there  
Something's happening there  
Something's happening there  
Look here, y'all
