

Over My Head

[Elen Levon](#)

I think of you every time I close my eyes
Can't fall asleep, it's cause of you
that I remind myself of who I wanna be
You felt it too, I thought you said
But still, there is no guarantee
that someone new ain't in your bed
Oh well, hello eternityI want you out of my mind
But it's out of my hands
From my toes to my eyes
How much can a heart withstand?
Can't get over all those words you said
I want you out of my mind
But I'm in over my head, over my headSo here we go again, around again
And I still feel the same
But I can hope today will be the day
you move out of my brain
But you don't know this song's about you
And the next one will be, too
I'm writing albums all about imaginary love of youI want you out of my mind
But it's out of my hands
From my toes to my eyes
How much can a heart withstand?
Can't get over all those words you said
I want you out of my mind
But I'm in over my head, over my headNa na na na, na na na na na na
Hello eternityI want you out of my mind
But it's out of my hands
From my toes to my eyes
How much can a heart withstand?
Can't get over all those words you said
I want you out of my mind
But I'm in over my head, over my head
