Exoplanet I: Egress

The Contortionist

We are among the stars
Who are the operators of this boundless array?
The expedition takes us to our new home...Systems re-allignSpeculation based on calculated reason leads me to believe we are not alone
Seeded by a greater race, we only hope to find the answers now embedded into the fabric of our minds
Are we moving forward?
Guided by the maps of progressImperfect perfections allow existence
