

Invade, Destroy, Repeat

Powerman 5000

This is a message and a warning
There's no escaping here or avoiding
We are the light burned from the sky
This was your last mistake, say goodbye
Invade, destroy, repeat!
Invade, destroy, repeat!
We won't accept defeat!
Invade, destroy, repeat!
Come on, come on, come on, come on
It's time for destruction, time for destruction
Come on, come on, come on
It's time for some fun, yeah, time for some fun
Come on, come on, come on, come on
No need for instruction, need for instruction
Come on, come on, come on
No, you ain't got a chance but you might as well run
Invade, destroy, repeat!
Invade, destroy, repeat!
We won't accept defeat!
Invade, destroy, repeat!
Come on, come on, come on, come on
It's time for destruction, time for destruction
Come on, come on, come on
It's time for some fun, yeah, time for some fun
Come on, come on, come on, come on
No need for instruction, need for instruction
Come on, come on, come on
No, you ain't got a chance but you might as well run
This is a message and a warning
There's no escaping here or avoiding
We are the light burned from the sky
This was your last mistake, say goodbye
Invade, destroy, repeat!
Invade, destroy, repeat!
Invade, destroy, repeat!
