Grace For Succession

Extol

Man - born with the nature of evil
All inherited the sin from Adam
No man escaped
The commandments - the law
No one were able to fulfil
No man was pure
Everyone's share was death
All was dark - hopelessness ruledLight intervened
Annihilating darkness
The path of salvation made clear
For the prodigal human raceGiven to mankind
For all to receive
The sacrifice of life
For all to believeThis unnatural act of love
A model for succession
The act of forgiveness
A supernatural forceTaken out of darkness,
into the light.
Taken out of darkness,
into the light.
