

# Grace For Succession

## Extol

Man - born with the nature of evil  
All inherited the sin from Adam  
No man escaped  
The commandments - the law  
No one were able to fulfil  
No man was pure  
Everyone's share was death  
All was dark - hopelessness ruled  
Light intervened  
Annihilating darkness  
The path of salvation made clear  
For the prodigal human race  
Given to mankind  
For all to receive  
The sacrifice of life  
For all to believe  
This unnatural act of love  
A model for succession  
The act of forgiveness  
A supernatural force  
Taken out of darkness,  
into the light.  
Taken out of darkness,  
into the light.
