

support our troops [black angels oh]

Xiu Xiu

Did you know you were going to shoot off the top of a 4 year old girl's head
and then look across her car-seat down into her skull and see into her throat
and did you know that her dad would say to you. "Please sir, can i take her body home?"
oh wait! you totally did know that that would happen!
'cause you're a jock who's too stupid and too greedy and too unmotivated to do anything else but still be the
biggest and still do what other people tell you to do.
you did it to still be a winneryou shot your grenade launcher into people's windows and into the doors of
people's houses
but you wanted to shoot it into someone
just to watch them blow up
why should I care if you get killed?
