

# Spine for You

## Dope

Somethin's wrong with my life and I'm crazy  
Somethin's hard on my mind, guess who  
It's tough to live with the lights on maybe  
All we need is a spine for you  
Somethin's wrong with my mind and I'm angry  
Somethin's hard on my life, guess who  
It's tough to light what we live for maybe  
All we need is a spine for you  
Super guy is a long way, baby  
Mr. Man's not tired of you  
Procrastination's the long way, maybe  
All we need is a spine for you  
Bam, I'd like to bash you in your head  
Damn, I can't make sense of what you've said  
Man, that's just the way it's always been  
Yeah, I guess I'm better off dead, yeah  
Fuck tomorrow, fuck tomorrow  
So I'm told suicide's outdated  
Yeah, what's misery supposed to do?  
Sell your soul or it's lights out, maybe  
All we need is a spine for you  
What you willin' to fight for baby?  
Sacrifice you should be used to  
Are you willin' to die for it maybe?  
All we need is a spine for you  
Bam, I'd like to bash you in your head  
Damn, I can't make sense of what you've said  
Man, that's just the way it's always been  
Yeah, I guess I'm better off dead, yeah  
Fuck tomorrow, fuck tomorrow  
What you willin' to fight for baby?  
Sacrifice I've been used to  
Are you willin' to die for it maybe?  
All we need is a spine for you  
Bam, I'd like to bash you in your head  
Damn, I can't make sense of what you've said  
Man, that's just the way it's always been  
Yeah, I guess I'm better off dead, yeah  
Fuck tomorrow, fuck tomorrow
