

# Worst Case Scenario

## Stretch Arm Strong

Once again I said too much, cannot keep my mouth shut

And I let you down for the third time today

And I always knew it would end up this wayNever understood the point of reflection

Always just assumed that you need my insertion

And my point of view to make your life easier for you

All the things I said and all the things I meantGet lost in translation and they never come out right

And it's never as good as it sounded at first

So please don't let me let you down and I won't make the same mistake

I've made a thousand times before and the one I'm making right nowSo let me take my foot and put it in my,  
my mouth

And I won't let you down, and I won't let you down

And I won't let you down, oh yeah
