

Josephine

Chris Rea

Theres rain on my window
But Im thinking of you
Tears on my pillow
But I will come through Josephine
Ill send you all my love
And every single step, Ill take
Ill take for you Josephine
Ill send you all my love, babe
Josephine
Ill send you all my love, babe Now theres a storm on my radar
But I can still fly
Oh, and you are the reason
The blue in my sky Josephine
Ill send you all my love, babe
Josephine A life without meaning
I was walking away
In the coldest of winters
Night becomes day Josephine
Ill send you all my love
And every single step that Ill take
Ill take for you, my Josephine
Ill send you all my love, babe
Josephine
Ill send you all my love, babe Oh when Im far away
(Ill send you all my love)
Oh, so far away
Ill send you all my love Josephine
(Ill send you all my love)
Ill send you all my love
Josephine
(Ill send you all my love) Josephine
(Ill send you all my love)
Josephine
(Ill send you all my love) Josephine
(Ill send you all my love)
Ill send you all my love
Josephine
