Coming to the USA

Brain Failure

Coming to the USA if we wanna go nothing can stop us to go if
you wanna feel feeling is so hard to know don't let me talking
so long just let me touring around just let me walking down the
street of America Coming to the USA touring touring you got money
in your hand but it doesn't mean you will have a good time thirty
shows set in in thirty bars all we dream about the USA broken
Cadillac, e-mail someone all the way you can throw your passport
stamp then you may be in the use Coming to the USA TOURING! TOURING!
