Mechanical World

Spirit

Death falls so heavy on my soul
Death falls so heavy, makes me moan
Somebody tell my father that I died
Somebody tell my mother that I criedDeath falls so heavy on my soul
Death falls so heavy, makes me moan
Somebody tell my father that I died
Somebody tell my mother that I criedOnce in my younger days
Once in my younger days I had a girl to loveDeath falls so heavy on my soul
Death falls so heavy, makes me moan
Somebody tell my father that I died
Somebody tell my mother that I cried
