

# Bad Habit

## Varsity Fanclub

Girl, I got some things to say  
Sit down put your phone away  
Don't want no interruptions baby  
Listen I can't do this, something's missing  
You always said that you will change  
Don't try to cut me off baby  
Baby girl, you hold me back  
I'm out the door that's that  
Every time I say I'm gone, I prove me wrong  
'Cause I'm addicted, I'm addicted to you  
I try and try to leave but I just can't let you go  
'Cause every single moment  
My heart says that I just can't quit  
I'm like the ending of a movie that you just don't get  
I don't show up late, I never forget  
You got me running circles in my head  
No, I can't quit you're my bad habit  
I know I said, I couldn't stay  
I try so hard to walk away but, girl  
You got me itching and got me wishing  
I could break myself of you  
I try to be alone, baby  
But you just take control of me  
And I keep tryna hide it  
And I deny it I don't need you anymore but  
Every time I say I'm gone, I prove me wrong  
'Cause I'm addicted, I'm addicted to you  
Every time I say I'm gone, I prove me wrong  
'Cause I'm addicted, I'm addicted to you  
I try and try to leave but I just can't let you go  
'Cause every single moment  
My heart says that I just can't quit  
  
I'm like the ending of a movie that you just don't get  
I don't show up late, I never forget  
You got me running circles in my head  
No, I can't quit you're my bad habit  
I try and try to leave but I just can't let you go  
'Cause every single moment

My heart says that I just can't quit  
I'm like the ending of a movie that you just don't get  
I don't show up late, I never forget  
You got me running circles in my head  
No, I can't quit you're my bad habit  
The first step is claiming that I'm wrong  
I never take the blame, no, no  
So help me help myself get better  
Tell me that I'm yours forever  
Are you addicted to me?  
I try and try to leave but I just can't let you go  
'Cause every single moment  
My heart says that I just can't quit  
I'm like the ending of a movie that you just don't get  
I don't show up late, I never forget  
You got me running circles in my head  
No, I can't quit you're my bad habit  
I try and try to leave but I just can't let you go  
'Cause every single moment  
My heart says that I just can't quit  
I'm like the ending of a movie that you just don't get  
I don't show up late, I never forget  
You got me running circles in my head  
No, I can't quit you're my bad habit
