# Fall Hard

## Shout Out Louds

Just gimme a second and I'll tell you
But gimmie months by myself
Sittin', smokin' Belgian cigarettes
In a restaurant with a famous dutchess'Cause I know it's not forever
I know, it's got to stop
Sittin' next to Central European monument
Been drivin' all night on the Grand HighwayAnd if you fall hard, I fall harder
Fallin backwards
And if you fall hard, I fall harder
Fallin backwards
And if you gonna break, just let it break
Cause I'll pick up the pieces and mistakesGimme a secret and I'll tell you
I need memories to keep
Can sleep for all the noise down the stairs
This trip is takin' me nowhereAnd I know it's not forever
No, it's got to stop
Sittin' outside with a member of a Boy's Club
I'm fallin' hard, harder than beforeAnd if you fall hard, I fall harder
Fallin backwards
And if you fall hard, I fall harder
Fallin backwards
And if you gonna break, just let it break
I'll pick up the pieces and mistakesFollow em in to the boys club
Fallin in love
And I'll be gone for a long time
Don't know where
Follow em in to the boys club
Fallin' in loveAnd if you fall hard, I fall harder
'Cause if you fall hard, I fall harder
And if you fall hard, I fall harder
And if you fall hard, I fall harder
And if you gonna break, just let it break
I'll pick up the pieces and mistakesMistakes and mistakes
Mistakes and mistakes
Mistakes and mistakes
