Strange Night

Heart

Come on get out that wig, I know you
Put on those shiny pointed shoes
We'll have a strange nightCorsage, long gown, all the rest
That ain't exactly what we call dressed
For a strange nightYou're gonna lose who you are
We could take it pretty far
Can there ever be any harm?No one will know you
You won't show
So feel wild like we used toJust tonight the feeling's right
The wear of disguise
That won't show throughHey we'll go out in the old red car
You can sit in the back seat
And you can play your guitarIf the blue lights flash while we're rockin'
Don't you worry I'll do the talkin' on
And tell you alrightYou're going to lose who you are
We could take it pretty far
Can there ever be any, any harmNo one will know you
You won't show
Just gonna be wild like we used toJust tonight that the feeling's right
Gonna wear that disguise, it's been a
Won't show through, won't show through on youLet's just stop at random places
I just want to see the look on their faces
What a strange sight!Put on that wig I know you
I know what you like to do
Strange, strange nightA strange night
A strange night
A strange night
