

# Strange Night

## Heart

Come on get out that wig, I know you  
Put on those shiny pointed shoes  
We'll have a strange night Corsage, long gown, all the rest  
That ain't exactly what we call dressed  
For a strange night You're gonna lose who you are  
We could take it pretty far  
Can there ever be any harm? No one will know you  
You won't show  
So feel wild like we used to Just tonight the feeling's right  
The wear of disguise  
That won't show through Hey we'll go out in the old red car  
You can sit in the back seat  
And you can play your guitar If the blue lights flash while we're rockin'  
Don't you worry I'll do the talkin' on  
And tell you alright You're going to lose who you are  
We could take it pretty far  
Can there ever be any, any harm No one will know you  
You won't show  
Just gonna be wild like we used to Just tonight that the feeling's right  
Gonna wear that disguise, it's been a  
Won't show through, won't show through on you Let's just stop at random places  
I just want to see the look on their faces  
What a strange sight! Put on that wig I know you  
I know what you like to do  
Strange, strange night A strange night  
A strange night  
A strange night
