

Degrees of Separation

Hands Like Houses

(Ohhh Ohhh Ohhh Ohhh)
It's never ending,
A season I can't shake,
A foreign winter,
A curse that can't escape,I feel the winter buried in my bones,
I cold reminder that I'm so far from home,
I know we're worlds apart,
Seasons stitched together somehow,What's it like you are,It hurts to know we're always worlds apart,
(Can you feel it, Can you feel it)
It's burning my throat, slowing down my heart
(Can you feel it, Can you feel it)
(Ohhhhhhhhh)
It hurts to know we're worlds apart,
(Ohhhhhhhhh)
It hurts to know what it's like where you are,A fire in my skin,My soul is sinking,
The cold is creepin' in,I feel the winter buried in my bones,
I cold reminder that I'm so far from home,
I know we're worlds apart,
Seasons stitched together somehow,What's it like where you are,
I can't recall well I'm too far,It hurts to know we're always worlds apart,
(Can you feel it, Can you feel it)
It's burning my throat, slowing down my heart
(Can you feel it, Can you feel it)
(Ohhhhhhhhh)
It hurts to know we're worlds apart,
(Ohhhhhhhhh)
It hurts to know what it's like where you are,I can see my breath floating away,
The warmth in me escapes,I can't recall I'm too far!It hurts to know we're always worlds apart,
(Can you feel it, Can you feel it)
It's burning my throat, slowing down my heart
(Can you feel it, Can you feel it)
(Ohhhhhhhhh)
It hurts to know we're worlds apart,
(Ohhhhhhhhh)
It hurts to know what it's like where you are,
