Seven Days

Helena Paparizou

I hope you'll find

A little peace in your heart

Cause you will need it

Since we went apart

I can't sleep at all

It's never ending

As long as you

Are better than my broken heart

I will survive it

Cause no one has

Ever touched me

The way that you did

I'm in my own frustrationSeven days and seven nights

One weeks is more than

I can take

I'm loosing it all

I'm a fool without you baby

Seven days and seven nights

I don't understand

How to make it right

I've been constantly

Aware of you

For seven days and seven nightsI have hope in my heart

As I'm counting the days

Forgot the numbers

And as the days go by

I'm loosing my faithI'm gettin' under the ice

Because the things I said

That made you leave me

Too late to change it

A wisdom for life

Is what I have learned

I'm in my own frustrationSeven days and seven nights...I'll keep waiting for an answer

Even if I Know the truth lays

Deep inside my heart
