Dear God

Ferras

Verse:
Dear god listen up
I have to ask you a question
I can't hear
I think you're breaking up
I need a clearer connection
B verse:
And god
Are you listening
And god
Are you even there
Chorus:
Now answer this
If you really exist
Why do i have to deal
With all this bullshit
What did i ever do
Can i make it up to you
If you're so full of grace
Then send it
On down
Verse:
Lessons we learn
From the top of our birth
Are an endless source of confusion
See i'm on a search
Because i've heard
You've got a magic solution
B verse:
And god
It's time that you explain

And god
Are you even there
Chorus:
Now answer this
If you really exist
Why do i have to deal
With all this bullshit

What did i ever do
Can i make it up to you
If you're so full of grace
Then send it
On down
Bridge:
Dear god
Your grace
Send it on down
To me
Dear god
Your grace
Send it on down
Send it on down
Send it on down
To me
On down to me
Come on send your love down to me
Chorus:
Now answer this
If you really exist
Why do i have to deal
With all this bullshit
What did i ever do
Can i make it up to you
If you're so full of grace
Then send it
On down
