

# Crazy ( Cee Lo Green Cover)

[Kat Dahlia](#)

Is it crazy that I want you to stay when I tell you to leave, when I tell you go  
Is it crazy that I say your name more times a day than I say my own  
Tell me baby is it crazy  
Tell me baby is it crazy Is it crazy when you're gone for a minute  
I'm missing you yea I feel alone  
Is it crazy that I'm jealous of them bitches  
When they get yo time and I know it's wrong  
Tell me is it crazy  
Yea, I need to know if it's crazy, damn 'Cause I ain't been myself  
Lately something's going on  
Now, boy I ain't even slept  
I've been up all night long  
In my head  
Tryna figure out what I want,  
What I do, what I don't  
Is it crazy all that I miss is you Tell me 'cause it's blowing my mind  
Tell me 'cause I don't understand  
How someone just can walk into your life  
And everything before that you forget Is it crazy  
Tell me what's going on, I need to know  
'Cause I ain't tryna lose myself or lose control  
Baby tell me the truth, I need to know  
Is it crazy  
Baby, is it crazy Is it crazy that I told my ex 'don't call no more 'cause I'm in love'  
Is it crazy that I keep your shirt right here just to smell your cologne  
Damn it sounds crazy  
Tell me is it crazy 'Cause I ain't been myself  
Lately something's going on  
Now, boy I ain't even slept  
I've been up all night long  
In my head  
Tryna figure out what I want,  
What I do, what I don't  
Is it crazy all that I miss is you Tell me 'cause it's blowing my mind  
Tell me 'cause I don't understand  
How someone just can walk into your life  
And everything before that you forget Is it crazy, is it crazy  
Crazy! Is it crazy  
Crazy! Is it crazy

Tell me is it crazy  
Is it crazy, is it crazy  
Well if it is I'll just be crazy for you Baby 'cause it's blowing my mind  
Tell me 'cause I don't understand  
How someone just can walk into your life  
And everything before that you forget I'm crazy crazy crazy for you  
I'm crazy crazy crazy for you, oh oh oh
