Kill the Pain

INXS

Put the red lights on
Don't tell them that you've gone
Leave behind your fears
You know they can't be wrongKill the pain you feel
Kill the pain you feelI know you've seen some things
That hurt you in your dreams
Your face, it tells the story
The pages stained with tearsYou kill the pain you feel
You kill the pain you feel, darlingKeep the heartTake the curtains down
The sun is what you found
It leads you far from here
And takes you to high groundKill the pain you feel
Kill the pain you feel, darlingFind a way
Keep the heart, you have within
