

# Window Blues

[Lykke Li](#)

I sleep with windows open  
I sleep with eyes wide  
In case you would come walking  
In case you change your mindBut don't strain yourself for me  
Don't break yourself for me  
Don't lose your selfish ways for meI keep a leash around you  
And I keep it nice and tight  
In case you would go walking  
Over forbidden linesBut don't go all soft on me  
Don't come across for me  
Don't lose your selfish ways over meUn, deux, trois  
Quatre, cinq, six  
A hundred times around  
You keep on flocking out  
You keep me wanting moreUn, deux, trois  
Quatre, cinq, six  
A hundred times is fine  
For you I go all blind  
Oh my, where is my mind?I keep my window open  
I keep it open wide  
So keep me, keep it open  
Oh, keep me on your mind
