

# Stop

## Meredith Brooks

It's seven in the morning and you're walking out the door  
You got no time for coffee  
Standing here remembering when my kisses made you late  
Gonna take a minute for my morning meditation  
But I'm on the phone call, waiting, click done  
Under an invasion and I feel like I'm a spinning ball in a lottery cage  
If we aren't making love how can we be  
lovers?  
Gonna post a vacancy sign under the covers  
Before it gets too late I'm gonna say "Ooh, stop what you're doing and love me now  
Ooh, I'm making my move, come on and love me now" I come home so tired, just wanna put my feet up  
You watch Letterman and eat something old I heat up  
Then we both fall asleep before the rooster starts to crow  
No time to fight, we pretend love is so sweet  
When all we're missing is what's between the sheets  
Used to find an hour between the start and go  
What ever happened to staying up all night  
When the bed became our island and it was just you and I  
Our troubles would slip away when you said "Ooh, stop what you're doing and love me now  
Ooh, I'm making my move come on and love me now" Time, time, time, time, time  
Are we meeting the time?  
Just you and I, magic ride, yeah, yeah  
If we aren't making love how can we be lovers?  
Gonna post a vacancy sign under the covers  
Before it gets too late I'm gonna say "Ooh, stop what you're doing and love me now  
Ooh, I'm making my move come on and love me now" "Ooh, stop what you're doing and love me now  
Ooh, I'm making my move come on and love me now  
Right, right now, oh yeah" "Ooh, stop what you're doing and love me now  
Ooh, stop what you're doing and love me now  
Ooh, stop what you're doing and love me now"
