

Dancing With The Devil

Krewella

You're dancin' with the devil
You're dancin' with the devilWhoa oh, whoa oh
Clipped wings will never hold us down
Whoa oh, whoa oh
We are kings from the undergroundAnd we, we came, to rain on your parade
And if we die, then who will be your enemy
So shut the fuck up
We're about to leave a legacyWe are louder than your bullshit
You're just dancin' with the devil
We are louder than your bullshit
You're just dancin' with the devilWhoa oh, whoa oh
Clipped wings will never hold us down
Whoa oh, whoa oh
We are kings from the undergroundAnd we, we came, to rain on your parade
And if we die, then who will be your enemy
So shut the fuck up
We're about to leave a legacyWe are louder than your bullshit
You're just dancin' with the devil
We are louder than your bullshit
You're just dancin' with the devilDancin' with the devil
Dancin' with the devil
You're dancin' with the devil
