

Feels Like the End

Shane Alexander

Take me away from here and all todayâ€™s pain
You know I see it all so clear, like the morninâ€™ after the rain
You know I worry all the time whatâ€™s comin around the bend
Maybe Iâ€™m just goin crazy, but it feels like the end

I donâ€™t remember what Iâ€™ve done - Iâ€™ve done with all the years
And I got no one but myself to ask how did I get here
You know I worry all the time whatâ€™s comin around the bend
Maybe Iâ€™m just goin crazy, but it feels like the end

And I wonder where you are tonight, If the same moonlight shines down on you
What if I had changed your mind
If Iâ€™d seen the signs, tell me what would we be doin now

Cuz now Iâ€™m walkinâ€™ down the street, I got no money for a car
And I been walkinâ€™ for so long, but I never got very far
You know I worry all the time whatâ€™s comin around the bend
Maybe Iâ€™m just goin crazy, but it feels like,

it feels like
it feels like
it feels like the end

And I wonder where you are tonight, If the same moonlight shines down on you
What if I had changed your mind
If Iâ€™d seen the signs, tell me what would we be doin now

So take me away from here and all todayâ€™s pain
You know I see it all so clear, like the morninâ€™ after the rain
You know I worry all the time whatâ€™s comin around the bend
Maybe Iâ€™m just goin crazy, but it feels like the end
