

# War Again

## Oingo Boingo

Don't you know we got smart bombs, it's a good thing  
that our bombs are clever.

Don't you know that the  
smart bombs are so clever, they only kill bad people. Don't you know though our kids are dumb, we got smart  
bombs, what a joyous  
thing.

Here we go so  
let's drink a toast, to those clever bombs, and the men who built them.  
refrain:

There they go  
now, there go all my friends  
There they go now, marching  
off to war again  
With their bright flags waving in the  
wind

There they go now, marching off to war again Smiling proudly, with their heads in the clouds. Don't you know  
this is better than any video friend.

It's an action movie.

Here we go watch the bad guys  
get their butts kicked. Really makes me feel  
good. Here

we go watching CNN, the adrenaline rushes through my veins.

Don't you know it's a feel good show, electronic  
bliss. It's a video, video...

refrain Aren't you glad we got smart bombs, it's a damn  
good thing our bombs are clever

It's a shame that  
our kids are dumb, but our bombs are smart, what a lucky thing now

Don't you know it's a feel good show  
and it's suitable for the whole darn family

Come on

out everybody shout, give a big salute to our ingenuity Don't you know this is better than, any video friend,  
it's an action movie...

Here we go, watch the bad  
guys get their butts kicked, and it makes me feel good. Don't you know it's Nintendo, really gets the blood  
flowing through my veins now

Don't you know it's a  
feel-good show, electronic bliss, it's a video, video
