and the time comes for the beatin of the bosses
Make 'em an offer that can't refuse
They don't comply, well now I'm bout to stank these fools

Cause when the gun start poppin then my temperature rise
You know my style 20 niggaz wit 40 Cals
Nine years ago you was hollerin shorty wild
Now I'm in the rap game twistin these honies out
Never left the crack game still on a money route
I run through the industry looking for enemies
Y'all niggaz sound sick and Jada the remedy
Get shot in yo' eyes and mouth
Can't see can't talk when you fuckin wit the heart of New York
And that's fouler that swallowin pork
And to fuck wit the feds dog

Toast on my lap, got the East Coast on my back, UH How many times must I tell you motherfuckers
We ain't industry niggaz
