

# Little Girl Big World

## MAGIC!

I know you're coming from another generation. (What?)  
'Cause you can see no demons in my conversation. (What?)  
It's on me that I lack communication. (Whoa, oh oh oh)  
I cannot offer you a diamond or a mortgage. (What?)  
All I wanted was a home-cooked sandwich (What?)

But your greedy little fingers couldn't manage (No, oh oh oh)Long live the queen of all exaggeration, long live  
the queen

'Cause you're just a little girl in a big, big, big, big world  
Let it do, let it do, let it do, do  
You're just a little girl in a big, big, big, big world  
Let it do, let it do, let it do, do

Let it do, let it do, let it do, doSleeping every day for twenty-seven hours (What?)  
Get a real job, baby take a shower (Whoa)  
? (Whoa, oh oh oh)

Parking ticket on your car is not an issue. (What?)  
Why you screaming on the corner like I hit you? (What?)

Sweet heart don't you know I'm trying to fix you. (Whoa, oh oh oh)Long live the queen of all exaggeration,  
long live the queen

'Cause you're just a little girl in a big, big, big, big world  
Let it do, let it do, let it do, do  
You're just a little girl in a big, big, big, big world  
Let it do, let it do, let it do, do

Let it do, let it do, let it do, doIf I was your father I would lock you up inside of your room.  
Until you figure out exactly how to think of someone but you.

If I was your father I would spank you till you know what you did.Long live the queen of all exaggeration, long  
live the queen

'Cause you're just a little girl in a big, big, big, big world  
Let it do, let it do, let it do, do  
You're just a little girl in a big, big, big, big world  
Let it do, let it do, let it do, do.  
Let it do, let it do, let it do, do.  
Let it do, let it do, let it do, do.  
Let it do, let it do, let it do, do.
