

Summer Love

Jessi Malay

I miss the sun,
Kissing me all over
Feels so good on my skin
And I miss the fun
We could lay around forever
'Cause the days never end
Still remember the song
That was playing when I met you
I was drunk in love
Didn't know you that long
But you'll always have a piece of my heart
It's been two months and that now the winter's gone
Hope to see you when I get home
'Cause all I think about now
Is you and me and that night
Baby, I, I never felt so good
You're the reason why-why stars come out to shine
Baby, I, I need you back
I miss my summer love
Oh oh oh, oh oh oh I miss the smile
That plains all my day
While gone miles away
You drive me wild,
And my ??? got me missing you,
I'm going insane
Still remember the song
That was playing when I met you
I was drunk in love
Didn't know you that long
But you'll always have a piece of my heart
It's been two months and that now the winter's gone
Hope to see you when I get home
'Cause all I think about now
Is you and me and that night
Baby, I, I never felt so good
You're the reason why-why stars come out to shine
Baby, I, I need you back
I miss my summer love
Oh oh oh, oh oh oh I miss my summer love
The one that got away
I haven't been the same
Since we said our goodbyes

Didn't know the kind of power you had over me
Can't wait to see your smile 'Cause all I think about now
Is you and me and that night
Baby, I, I never felt so good
You're the reason why-why stars come out to shine
Baby, I, I need you back
'Cause all I think about now
Is you and me and that night
Baby, I, I never felt so good
You're the reason why-why stars come out to shine
Baby, I, I need you back
I miss my summer love
Oh oh oh, oh oh oh
I miss my summer love
Oh oh oh, oh oh oh
I miss my summer love Hope to see you when I get home
Hope to see you when I get home
