Donâ€™t Fail Me Now

Melanie Amaro

I've walked the longest road
So don't fail me now, feet don't fail me now
I've never got this close
So don't fail me now, feet don't fail me now
I see you in the distance
It won't be long before you're mine
I've never got this close
So don't fail me now, feet don't fail me now
I've paid my dues, I've paid the price
I prayed for you almost every night
Your healing touch can seal the cracks
Come build me up then bring me back to life
Baby I'm on my way to you
Tonight I know you've been waiting for me too
I've walked the longest road
So don't fail me now, feet don't fail me now
I've never got this close
So don't fail me now, feet don't fail me now
I see you in the distance
It won't be long before you're mine
I've never got this close
So don't fail me now, feet don't fail me now
It's so surreal, won't stop until
I touch your skin just to know you're real
One million miles is worth the time
'Cause soon I'll be there to see your smile
Baby I'm on my way to you
Tonight I know you've been waiting for me too
I've walked the longest road
So don't fail me now, feet don't fail me now
I've never got this close
So don't fail me now, feet don't fail me now
I see you in the distance
It won't be long before you're mine
I've never got this close
So don't fail me now, feet don't fail me now
Counting down, I'm almost next to you
Help me now I don't know what to do
I never thought you'd be so beautiful

I got believe it
Now you're here, it's like a miracle
It's been a long road
It's been the longest road
It's been a long road
It's been the longest road
It's been a long road
(I've walked the longest road)
It's been the longest road
(So don't fail me now, feet don't fail me now)
It's been a long road
(I've never got this close)
It's been the longest road
(So don't fail me now, feet don't fail me now)
