

# Free Spirits

**Bill Henderson**

Free spirits do you hear me now,  
You better make room for me  
My baby's got me on the go  
And I'm ready as I can be  
No sense a'waitin' till the end of time  
For a mean mistreater who don't wanta be mine  
Free spirits do you hear me now  
You better make room for me  
Free spirits in a world I know  
Help me find somebody else  
Somebody that I wont let go  
Someone I can keep to myself  
Someone good lookin' with a heart of gold  
Someone who'll never throw me out in the cold  
Free spirits do you hear me now  
You better make room for me I'm tired of waitin' all night long  
For someone who don't ever show  
I'm not about to change my mind  
My heart can't take it no more  
Nobody knows how big a fool I was  
Believin' her when she called the milkman "Cuz"  
Free spirits do you hear me now  
You  
better make room  
You better make room  
You better make room  
For Me.
