

Cloak

The Garden

I wonder what's behind that cloak
I wonder what's behind that cloak
 Whatever
 Oh well
 Whatever
 Oh well
I wonder what's behind that cloak
I wonder what's behind that cloak
 Whatever
 Oh well
Whatever oh well You thought you had me jipped
 But you're the one that slipped
 You thought you had me jipped
But you're the one that slipped I wake up
 This dream feels too real
 I sit up
 Completely covered in sweat
 Whatever
 Oh well
 Whatever
 Oh well
 I wake up
 This dream feels too real
I sit up completely covered in sweat
 Whatever
 oh well
 Whatever
Oh well You thought you had me jipped
 But you're the one that slipped
 You thought you had me jipped
 But you're the one that slipped
