Walkin Man

Seasick Steve

You say jump, I say how high
Exactly you want me to jump to
And you say walk, I will walk
To the end of the line and back to youMy name is Steve and I'm your walking man
Yes, I amYou say boy, do you really love me?
Well, I ain't got much words to say
Let me write my answer
Down in the sand by the wavesMy name is Steve and I'm your riding man
Yes, I am
My name is Steve and I'm your walking man
Yes, I amIf you want me to stay
I'll stash my sleeping roll under your bed
That says more than anything
In my life I ever saidMy name is Steve and I'm your staying man
Yes, I am
My name is Steve and I'm your riding man
Yes, I amMy name is Steve and I'm your walking man
Yes, I am
