Start Living

Consumed

I don't think you really want it.
You say you need it just to get you through.
I think you need a little tonic with your drink.
Maybe that will stop you getting confused.
chorus:
Reach above you, there's a bottle on the shelf.
No need to share, you can drink it all yourself.
Take a good swig, keep it all down, start living.
It doesn't necessarily have to follow through.
Maybe so but it could benefit you.
Given the choice I know which side I would be on,
the side that's happy and has lots of fun.
Get it now before it evaporates.
Do you like it ? I think it tastes great.
Take a good swig, keep it all down, start living.
So
chorus.
