Escape From Reality

Threat Signal

i'm reaching deep inside myself again
to find the words to use
if i had one more chance i would realize
this isn't fair to you

Chorus:
i swear there's a better life
you are the answer to all my pain
escape from my prison
now i can breathe for another day
escape from reality

you see the regret in my eyes
fell my sencerity, hear my cries
i will not sacrifice my life for this uncertainly
i will choose what's right - what's mine

surrender my apology
even though we'll never be the same again
i have no reason left to say
don't ever doubt that i am here to say
