

Hard on You

Rob Thomas

You're the best thing I ever knew
You do everything that I can't do
Sometimes I get lost in my blue
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you You and me got so much to prove
You're the only thing that I can't lose
The nights are peaceful here in our room
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you Cause I didn't mean to be mean
When I said all the things I said to you
But maybe the worst is the best I can do
With you
And I never want you to go but I know
I've been moving way too slow
And I fall apart cause it's all that I know
I know, I know Where you running now baby blue
Please don't let it take me far from you
I've been restless I've been a fool
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
