Medicine

like phoenix rising
my ashes float on fire
i never liedi know i'm right. trying not to be over
i know i'm right. but it's death i can smell.
i know i'm right. there's no doubt that it's over.
i know i'm right.we crush the bed alone your
spark trembles ignite my mouth
amazing
sweet as the sea
i float on fire
i am the fire
i never liedi know i'm right. trying not to be over
i know i'm right. but it's death i can smell.
i know i'm right. there's no doubt that it's over.
i know i'm right.
