Down

Pitchshifter

You can't touch this dream
You cant make this scene
You cant change a thing
Watch me, watch me, watch meTurn things 'round
You cant make this sound
We cant change a thing
Watch me, watch me, watch meAnd Id like to rise above you
And Id like to see you falling downFeeling down
Nothing down
You're feeling down
Is nothingYou cant light this fuse
Were not safe to choose
You cant make a stand
Watch me, watch me, watch meCant burn the pages
Not sent in stages
You cant change a thing
Watch me, watch me, watch meAnd Id like to rise above you
And Id like to see you falling downFeeling down
Nothing down
You're feeling down
Is nothingAnd Id like to see you falling downFeeling down
Nothing down
You're feeling down
Is nothing down
