Hypoxia

Phase

Dying inside your dream
You hear that voiceless scream
You're trying to get along
With your self againLive inside a lie
Suppress the truth, deny
You always seem to be
Yourself when you're pretendingYou mustn't feel
You must steal
You must conceal the truth
You haven't felt
You have heard
And you keep on pretending
Just defendingRun but you can't hide
You never can really decide
When you think it's up to you, you'd better think twicePut that fire out
You're speechless again though you shout
You die to understand, but you won't get itI want it so much
I want it so much
It slips away
But I want it so much
You mustn't feel
You must steal
You must conceal the truth
You haven't felt
You have heard
And you keep on pretendingStill descendingI can't breathe
