

No Hassle Night

The Dead Weather

I'm lookin' for a place to go
Where the sun goes down and stays down
I'm lookin' for a place to go
To lie low, die slow My baby she's uptight
Her face is frozen in daylight
My darlin' she's a drifter
Nothin' out there seems to fit her I'm lookin' for a no hassle night
I've become her and it hurts my mind
I'm lookin' for a no hassle night
I've become her and it hurts my mind
I'm lookin' for a no hassle night My baby she's a burglar
Nothin' I know can deter her
I'm lookin' for a place to go
Where the sun goes down
I can lie low
