One Day (Ragtag Version)

Susanna Hoffs

One day I'm gonna make
Everybody love me
I'm gonna etch my name
On top of all of their heartsJust to have that
Feeling surround me
I'm gonna white
Out all of my pastOne day I'm gonna make
My own mind change
I'm gonna toss out all of these thoughts
And forget who I've beenCounting all the time
I've spent dreaming about you
Without name, without face
Without pride, I can finally beginOne day, someday
I'm gonna make you love me
One day, somedayOne day I'm gonna make
Everybody love me
I'm gonna etch my name
On top of all of their heartsJust to have that
Feeling surround me
Another chance
And a brand new startOne day, someday
I'm gonna make you love me
One day, somedayOut on the town
And I'm on my own
Lost in a crowd
But I'm feeling aloneOne day, someday
I'm gonna make you love me
One day, somedayOne day, someday
I'm gonna make you love me
One day, someday
