

# Sing To Me

Lisa Miskovsky

I'm gonna leave the planet burning  
I'm gonna drive the fastest car  
I'm gonna teach them while you're learning  
I'm gonna take it very far I'm gonna ride the steepest mountain  
I'm gonna travel to the moon  
I'm gonna swim the deepest ocean  
I'm gonna leave the planet soon Sing to me, why won't you sing to me  
Why won't you sing like you did,  
A long, long time ago?  
It was such a long, long time ago It's not a question of devotion  
You cannot carve your own tattoo  
I'm not a part of your emotion  
You can't tell me what to do I'm gonna star the greatest movie  
I'm gonna write the perfect song  
I'm gonna make it through the wires  
I'm gonna make it all alone Sing to me, why you sing to me  
Why won't you sing like you did,  
A long, long time ago? You fall easy,  
But it's easy to give in when you fall  
Oh, and you fall easy  
But it's easy to give in when the rain falls  
I won't fall at all Sing to me, why won't you sing to me  
Why won't you sing like you did,  
A long, long time ago?  
Sing to me, why won't you sing to me  
Why won't you sing like you did,  
A long, long time ago? You've got to sing  
You never sing like you did before  
You used to sing  
You've got to sing like you did before You never sing  
You've got to sing like you did before  
You never sing, like you did before  
Like you did before,  
Like you did before I've got a hole in my heart,  
I see darkness ahead  
I've got a whole lot of living  
To do before I left  
There's a hole in my heart,  
It was something you said

You've got a whole lot of nothing  
In that pretty little head
