

# Ain't No Sunshine

David Garrett

Ain't no sunshine when he's gone  
It's not warm when he's away  
Ain't no sunshine when he's gone  
And he's always gone too long  
Anytime he goes away  
I wonder this time where he's gone  
Wonder how long he's gone to stay  
Ain't no sunshine when he's gone  
And this house just ain't no home

Anytime he goes away  
Well, I know, I know, I know, I know, I know  
I know, I know, I know, I know, I know, I know  
I know, I know, I know, I know, I know, I know  
I know when he's gone, always gone too long  
Anytime he goes away, anytime he goes away  
Anytime he goes
