Tonight

Playmen

Remember the time we had
All the things you never told me
oh Im trying to forget
All these days you really want meNow im running away from you girl hey
Ive running away,im running yeah
Ive running away from you girl hey
Im running awayCause tonight, tonight
Its my night, I dont hurt anymore
Cause tonight, tonight
Its my night and I wont let it goI wish you could hold me close
Stay around me and touch my body
Oh I quess its over now
You will never ever find me
