

Fight Another Day

Brandon Heath

It's an uphill climb
But it's all you know
So you spin your wheels
And dig your heels and down you go

So predictable
But it's not your fault
How can you expect to do your best
When you're scared to fall

'Cause the pain is real
But you will survive
That's how you know you're alive

'Cause it's okay now, hey now
You can let go
That's when you
Find out, Find out
Everybody knows
That there just
Ain't no, ain't no
Easier way out
I know it might not look that way
But You're gonna live to fight another day

There's a place I know
Outside of town
Let's get out of here
Where all our fears don't hang around

Here's another chance
Take it while you can
'Cause it sure wont last
Moves so fast
And it's gone again

You wonder what you are made
I'm telling you now
You're gonna make somehow
What are you so afraid of
