Head Over Heels

Blue Rodeo

I'm sick and tired of waiting
With nothing to do
Watching the rain through a crack
In the window
It's the little things that get you through
Like the same sun rising on me
Is rising over youWalking and talking
Birds in the sky
You tell your secrets
How gracefully you lieThat's the way you come to me
I'm head over heels
And I'm always gonna be
That's okay I love the way you come to meI guess we're tempting fate
A little too long it seems
Standing in this heat
Is just like floating in a dream
I've been torn apart put back together
With a couple of pieces in wrong
I'm holding up now
But I won't be for longTossing and turning
Like waves in the sea
You show myself to me
You let me down easilyThat's the way you come to me
I'm head over heels
And I'm always gonna be
That's okay I love the way you come to me
