

# Royals

## Backtrack

I've never seen a diamond in the flesh  
I cut my teeth on wedding rings in the movies  
And I'm not proud of my address  
In the torn up town, no post code envyBut every song's like:

Gold teeth  
Grey Goose  
Tripping in the bathroom  
Bloodstains  
Ball gowns

Trashing the hotel roomWe don't care, we're driving Cadillacs in our dreamsBut everybody's like:

Crystal  
Maybach  
Diamonds on your timepiece  
Jet planes  
Islands

Tigers on a gold leashWe don't care, we aren't caught up in your love affairAnd we'll never be royals (royals)

It don't run in our blood  
That kind of lux just ain't for us, we crave a different kind of buzz  
Let me be your ruler (ruler)  
You can call me queen bee  
And baby I'll rule, I'll rule, I'll rule, I'll rule  
Let me live that fantasyMy friends and I we've cracked the code  
We count our dollars on the train to the party  
And everyone who knows us knows  
That we're fine with this, we didn't come from moneyBut every song's like:

Gold teeth  
Grey Goose  
Tripping in the bathroom  
Bloodstains  
Ball gowns

Trashing the hotel roomWe don't care, we're driving Cadillacs in our dreamsBut everybody's like:

Crystal  
Maybach  
Diamonds on your timepiece  
Jet planes  
Islands

Tigers on a gold leashWe don't care, we aren't caught up in your love affairAnd we'll never be royals (royals)

It don't run in our blood  
That kind of lux just ain't for us, we crave a different kind of buzz

Let me be your ruler (ruler)  
You can call me queen bee  
And baby I'll rule, I'll rule, I'll rule, I'll rule  
Let me live that fantasy ooh oh ooh  
We're better than we've every dreamed  
And I'm in love with being queen ooh oh ooh  
Life is great without a care  
We aren't caught up in your love affair And we'll never be royals (royals)  
It don't run in our blood  
That kind of lux just ain't for us, we crave a different kind of buzz  
Let me be your ruler (ruler)  
You can call me queen bee  
And baby I'll rule, I'll rule, I'll rule, I'll rule  
Let me live that fantasy
