

Delilah

The Dresden Dolls

There's no end to the love you can give
When you change your point of view to underfoot
Very good, you may be flat but you're breathingAnd there's no doubt he's at home in his room
Probably watching porn of you from the fall
It's last call and you're the last one leavingAnd you thought you could change the world
By opening your legs, well, it isn't very hard
Try kicking them insteadAnd you thought you could change his mind
By changing your perfume to the kind his mother wore
Oh God, Delilah why?
I never met a more impossible girlIn this same bar where you slammed down your hand
And said, Amanda, I'm in love, no, you're not
You're just a sucker for the ones who use youAnd it doesn't matter what I say or do
The stupid bastard's gonna have his way with youYou're an unrescuable schizo or else you're on the rag
And if you take him back I'm gonna lose my nerve
I never met a more impossible girlFour o'clock he got off and you called up
I'm down at Denny's on Route 1"
And you won't guess what he's done
Is that a fact, Delilah?Larry tap let you in through the back
And use his calling card again for a quick hand of gin
You are impossible, Delilah, the princess of denial
And after seven years in advertising you are none the wiserYou're an unrescuable schizo or else you're on the
rag
And if you take him back I'm gonna lose my nerve
He's gonna beat you like a pillow, you schizos never learn
And if you take him home you'll get what you deserveI never met a more impossible girl
So don't cry Delilah
You're still alive, Delilah
You need a ride, Delilah?Let's see how fast this thing can go
Let's see how fast this thing can go
Let's see how fast this thing can go
