

# Wings of a Lightest Weight

[James McCartney](#)

Looking at you now  
Realizing who you are  
I've known you  
I've known you all my life

One moment I'm arguing with you  
Thinking I could put up a fight  
But I only love you  
I love you whoever is right  
Then I think to myself  
It couldn't be any other way

So I think to myself  
It shouldn't be any other way  
It wouldn't be any other way

Watching you fly away  
Whilst your wings of a lightest weight  
Carry you back  
Through the heat of the wind  
Carry you back to me

And I think to myself  
It couldn't be any other way  
So I think to myself  
It shouldn't be any other way  
It couldn't be any other way

Looking at you now  
Realizing who you are  
I have known you  
I've known you all my life
